

The Knight in Rusty Armor by Robert Fisher

A Castle Exhibit...

10th grade English Class

The displayed castles were created by the 10th graders as part of a creative project for the English class: their vision of the castles presented in the novel The Knight in Rusty Armor, their summer reading assignment.

The exhibit took place from September 11 to 17, 2010 at the Middle and High School Library, Dorado Academy.

Wonderful job!
